# AMERICAN WHISKEY

## BOURBON

---

*With more than two centuries of history, bourbon has played a lead role in America's story. Bourbon is a barrel-aged and distilled spirit made from corn & is noticeably sweeter than rye whiskey.*

## **RYE WHISKEY**

---

*Rye whiskey was the common whiskey of the Northeastern States, but largely disappeared after Prohibition. Rye whiskeys are fully revived now and in general tend to be a bit more spicy & fruit forward than bourbon.*

## **IRISH WHISKEY**

*Irish whiskeys are considered to be smooth and fruity, the majority are triple distilled and they are often easy-drinking. The Irish are widely credited as being the first to distill whiskey, though this is highly contested by the Scots. The Bushmill Distillery, for example, is the world's oldest licensed distillery, founded in 1608.*

# SCOTCH WHISKY

## **BLENDED SCOTCH**

---

*Blended Scotch whisky represents about 90% of the whisky produced in Scotland. They contain both malt whisky and grain whisky. Blended Scotch whiskies are considered to be more approachable than single malt.*
